music carries on in a simple Border Song You once knew

```

And then, the rest of the song is strummed

E, B7, E then the rest of the song...

```

      B7                E
People like you, they come and they go
      B7                E
What's left to say we already know?
      Asus2            E
And we've danced these shoes to pieces
      Asus2            E
And we've stood where no-one has stood
      B7
And the music carries on
                                E
In a simple Border Song you once knew

```

```

      Asus2            E
And I guess I've seen it all
      Asus2            E
And I guess I've seen it all
      Asus2            E
You can climb but you will fall
      Asus2            E
And I guess I've seen it all

```

And then just repeat Asus2 E till the end of the song  
wailing and repeating the guess I've seen it all bit

Easy Peasy.
