Pointless doing a tab of this, but he played it with a guitar at the Leadmill and he seemed to play it something like this

## Chords

Ebm- x6887x

Bbm- 68866x

These sound better played with the record as power chords though

Also throughout the song this riff can be heard, most clearly during the intro although mainly played on cello I think

```
E-----h-p-----h-p-----  
B-7--6--6-7-6-----7--6--6-7-6-----  
G-----8--6-----8~~~  
D-----  
A-----  
E-----
```

h- hammer on  
p- pull off  
~- wobble string

**Ebm** **Bbm** **Ebm** **Bbm**  
Welcome back says a voice on the radio

**Ebm** **Bbm** **Ebm** **Bbm**  
But I never left I was always right here

**Ebm** **Bbm** **Ebm** **Bbm**  
In your hand all the colours you thought  
were kings

**Ebm** **Bbm** **Ebm** **Bbm**  
At the turn of a card can just disappear

**Ebm** **Bbm** **Ebm** **Bbm**  
I wish I could comfort you,  
**Ebm** **Bbm** **Ebm** **Bbm**  
if love is our defence

**Ebm** **Bbm** **Ebm** **Bbm** **Ebm**  
It's alright I can comfort you, if you let me,  
**Bbm** **Ebm** **Bbm**  
I could love you to death

So just carry on doing that, bangin in the riff  
in a few times

And hint of wrongdoing should be revealed at
