*Intro:* G Cadd9 (x2)

*Verse 1:*

G  
Daylight splits the room

G  
You sleep while I watch you

Cadd9 G  
How the light shines on you now

G  
Breathless and playing tricks

G  
but you rise to my fingertips

Cadd9 G  
How the light shines on you now

*Pre-chorus:*

Bm Cadd9 Bm Cadd9  
I'll be the one to set the story straight

Bm Cadd9 Bm Cadd9  
I'll be the one to take your hand and say

*Chorus:*

G Cadd9 G Cadd9  
Now we run, what's done is done

G Cadd9 G Cadd9  
Let time heal time, your hand in mine

*Verse 2:*

Sundance my friend, truth is the city's dead  
it's been dying since you left  
Don't look for me here, these waters will never  
clear even light dies through the years

*Pre-chorus:*

I'll be the one to set the story straight  
I'll be the one to take your hand and say

*Chorus:*

Now we run, what's done is done  
And we slip through the wire, fight fire with fire  
and we search for a sign, through white noise  
white lies

*Verse 3:*

Daylight leaves the room  
You sleep while I watch you  
How the light shines on you now
